

This is a list of the descendents of Thomas Waugh – The first one listed here born in 1630 is to give reference to the 3rd generation Thomas 1706-1783. It is from the later Thomas who is the first common ancestor of the people identified with the Aust Waugh Family Society. This list is a more detailed version of the one I provided in a newsletter in Dec 2010 to explain the link between family members and Evelyn Waugh (Page 19, the author. For the dedicated you can start sifting through these pages. (The descendent list is not comprehensive and contains more details on my personal line of the family).
